PROFESSIONAL SUMMARY

QA Automation Engineer, **ISTQB® CTFL v4.0** and **A4Q Selenium** certified, with 3+ years of experience automating **1,000+ test cases** in **UI and API test automation** using **Playwright, TypeScript, Selenium, Java and Cucumber (BDD)**. Experienced in **REST API testing, CI/CD with Jenkins** and Agile Scrum delivery. I integrate **AI coding agents (Claude Code, GitHub Copilot)** and LLM tooling into my daily QA workflow to speed up test creation and increase coverage, while keeping quality standards high through systematic review.

PROFESSIONAL EXPERIENCE

Test Automation Engineer (QA Automation) | RGI Group

Sept 2025 – Present | Tunisia

- Automated **300+ BDD scenarios** with **Playwright, TypeScript and Cucumber** for **KELIA** (100% web life insurance platform) and the **KARMA API**, covering all critical business journeys.
- Built a library of reusable TypeScript **Page Objects** and helpers, enabling stable cross-browser UI tests and faster test creation for the whole QA team.
- Combined UI and **REST API testing** (Postman, Swagger): used **KARMA APIs** to seed test data and cross-check **KELIA screens**, making end-to-end tests faster and more reliable.
- Ran nightly cross-browser regression (Chromium, Firefox, WebKit) in **Jenkins CI/CD** with traces and HTML reports, **cutting flaky tests by ~50%**.
- Used **AI coding agents (Claude Code, GitHub Copilot)** daily to generate Playwright tests, Page Objects and API scripts, **reducing test-writing time by ~40%**.
- Built **AI agent workflows** (custom prompts, **MCP**, Jira, Confluence) to draft **Gherkin scenarios** from user stories and triage Jenkins failures, **raising automated coverage by ~30%**.
- Reported and tracked **100+ defects** in **Jira** and reviewed all AI-generated code before merge, keeping quality high in an **Agile Scrum** team.

Tech stack: Playwright, TypeScript, Cucumber, Page Object Model, Postman, Swagger, REST, Jenkins, Git, Jira, Confluence, Claude Code, GitHub Copilot, AI Agents, Prompt Engineering, MCP

Test Automation Engineer | Sagemcom Software & Technologies

Aug 2024 – Jul 2025 | Tunisia

- Designed **Selenium / Java and Cucumber (Serenity BDD)** suites for Smart Metering applications, **growing Sanity coverage to 1,000 test cases**.
- Ran **regression testing** on every release, **reducing regression execution time by ~30%** and keeping each version stable.
- Automated **Linux VM management** and **SQL database checks**, removing repetitive manual setup before each test campaign.
- Automated message retrieval from **Kafka** and **ActiveMQ** to validate data flows end to end, with Kibana / Elasticsearch monitoring.
- Managed **150+ bugs** in **Jira / Xray**, delivered test reports and enforced test code quality with **SonarQube**.

Tech stack: Selenium, Java, Cucumber, Serenity BDD, Postman, Jira, Xray, Confluence, Git, Kafka, ActiveMQ, Kibana, Elasticsearch, SonarQube

Test Automation Engineer | Freelance

Sept 2023 – Jul 2024 | Tunisia

- Co-developed **Selenium WebDriver / TestNG** and Cucumber automation for critical web business flows, delivering maintainable, modular test scripts.
- Automated regression campaigns with **TestLink** and **Xray** traceability, **cutting manual validation effort by ~50%**.

Tech stack: Selenium WebDriver, TestNG, Cucumber, Java, Xray, Jira, TestLink

End-of-Studies Internship – Custom Android TV Launcher | Sagemcom Software & Technologies

Feb 2023 – Jul 2023 | Tunisia

- Delivered an Android launcher in **Kotlin / Jetpack Compose (MVVM)**, validated its **REST APIs** with Postman and added **SonarQube** quality gates to the pipeline.

TECHNICAL SKILLS

- Test Automation:** Playwright, Selenium WebDriver, Cucumber, BDD / Gherkin, TestNG, Serenity BDD, Page Object Model
- API Testing:** Postman, Swagger, SoapUI / ReadyAPI, REST, JSON
- AI & Automation:** Claude Code, GitHub Copilot, AI Agents, Prompt Engineering, MCP, LLM-assisted testing
- Languages:** TypeScript, JavaScript, Java, Kotlin, Python, SQL
- CI/CD & DevOps:** Jenkins, Azure DevOps, Git, GitHub, GitLab, SonarQube
- Test & Defect Management:** Jira, Xray, TestLink, Squash TM, Confluence
- Data, Messaging & OS:** MySQL, SQL Server, Kafka, ActiveMQ, Kibana, Elasticsearch, Linux, Windows

EDUCATION

National Engineering Degree in Telecommunications Engineering

National School of Electronics and Telecommunications (ENET'Com), Sfax | 2020 – 2023

Bachelor's Degree in Information and Communication Technologies

Higher Institute of Computer Science, Medenine | 2017 – 2020

Baccalaureate in Computer Science

Technical High School, Medenine | 2016

CERTIFICATIONS

ISTQB® Certified Tester Foundation Level (CTFL) v4.0 • A4Q Certified Selenium Tester Foundation (CST) • Object Oriented Programming in Java • Git Fundamentals • Python Essentials 1 (Cisco)
